

A STATE OF WAR IS NOW EXISTENT

Official Confirmation Of Understanding

SIR ALFRED MILNER ISSUES A PROCLAMATION.

Declares That All Persons Aiding or Abetting the Enemy Will Be Guilty of High Treason—Believed That Great Britain Will Ask the United States to Care For Its Interests in the Transvaal—State Department Will Accede, as England Did in Spain For Americans.

Cape Town, Oct. 11.—[Special]—The understanding that a state of war would exist between England and the Transvaal tonight, is given official confirmation by a proclamation issued by Sir Alfred Milner, the British high commissioner. The proclamation declares that all persons aiding, or abetting the enemy will be guilty of high treason.

CAPE DUTCH ARE JOINING BOERS
Fortnight Will Indicate Whether There Will Be an Uprising.

Cape Town, Oct. 11.—[Special]—Many Cape Dutch are leaving to join the Boers, and it is believed the next fortnight will show whether there will be any general Dutch uprising in the colony. Hofmeyr, the Afrikaner leader, whose efforts have been strenuous in the interests of peace, is so chagrined at the outcome that he is reported to have broken down and be in a dying condition.

Rumors are reiterated that the Cape ministry will resign. It is believed that the British diplomatic agent at Pretoria will today lower the British flag and transfer the British interests to the American consulate.

Will Call On Uncle Sam.

Washington, Oct. 11.—[Special]—Great Britain had not asked the United States up to noon to take care of the British interests in the Transvaal, but in the event of hostilities, the state department expects to receive such a request and will promptly accede to it, notifying the American consuls to accept the responsibilities, just as Great Britain did in Spain for the Americans during last year's war.

Canada May Send Quota

Ottawa, Ont., Oct. 11.—[Special]—The government last night received a cablegram from London asking how many men Canada could furnish in the impending struggle.

London, Oct. 11.—[Special]—Private advices say that an uprising of the Dutch in Cape Colony is imminent.

London, Oct. 11.—It cannot be doubted that Great Britain's reply will be a flat rejection of President Kruger's demands.

A dispatch from Mafeking, dated Monday, says:

"The military are making every preparation. It is expected that an attack will be made tonight and the men are sleeping on their arms. The outposts have been strengthened and everyone has been warned to be ready. It is thought the enemy will attempt to shell the town at daybreak."

Big Force Monitors Mafeking.

"Nearly all the women who remain here have volunteered to assist in ambulance work. Machine guns have been placed in position and stands of arms have been provided at various points in the native quarter. In order that in case of attack the natives may be armed."

"It is stated that the total of the Boer forces is in the neighborhood of 9,000."

"Our outposts form a complete cordon which no one is allowed to cross unless provided with a pass."

"The chief of the Baralong, in a conversation, expressed his willingness and readiness to fight against the Boers, but this is forbidden by the government."

Hostilities May Have Began.

Friday's cabinet council will have to deal with the military situation and parliament will have little else to do but to sanction the necessary credits.

As the British troops continue landing in South Africa and advancing to the front, it is quite possible, according to the terms of the Boer ultimatum, that hostilities have already commenced, as Kruger has everything to gain by an instant advance.

First Battle's Probable Scene.

Until the arrival of the army corps it is probable that the British will everywhere remain on the defensive.

Looking at the complicated nature of matters, it is almost useless to speculate at the present stage, but sharp fighting is likely to occur at Mafeking, where Col. Baden-Powell is pluckily holding his exposed position.

As the general have decided not to attempt to hold the country north of Dundee, the Boers will doubtless occupy Laing's Nek and advance along the railway toward Glencoe and Dundee. These places, however, are considered quite safe against Boer attack.

Order Issued by Joubert.

A dispatch from Pretoria to a Cape newspaper says that Commandant

ant-General Joubert has issued a notice to the troops in the different laagers to hold themselves in readiness for an immediate advance.

It is learned from an authentic source that a detachment of carabineer scouts saw a party of Free State Boers in Natal territory, near Berg. Upon being observed the Boers retreated immediately.

Commandant Viljoen, commanding the Free State artillery, is marching toward Albertina, near Stanreene, where the Boers are massed.

Plays Into Great Britain's Hand.

London, Oct. 11.—The ultimatum from the Transvaal indicates that President Kruger, finding it impossible to hold back his peasant warriors, has determined to bring on war without delay. Failing to draw Chamberlain into the premature disclosure of fresh demands, which could be denounced as contrary to the convention of 1884, he ordered his secretary of state to send an ultimatum for the immediate withdrawal of troops and a suspension of military preparations.

The Transvaal's dispatch closes with a clumsy attempt to construe refusal to comply with the demand as a formal declaration of war by the British government. This is received here with cynical amusement by imperial officials, who perceive that Kruger is delivered into their hands, since responsibility for war must rest with the government which sends out so peremptory a summons to evacuate South Africa and then sets his own soldiers in motion.

COMPLETE JAIL NOT UNTIL NEXT YEAR

PAULEY COMPANY FAIL TO SECURE STEEL.

Members of the County Board Building Committee Met This Morning and Extended the Time of Contract Until January, 1900—Steel Mills Are Rushed With Orders.

Failure on the part of the Pauley Jail Building company of St. Louis, to secure steel, will delay the completion of the new Rock county jail till 1900.

Members of the building committee met this morning in this city and extended the time of contract to the St. Louis firm from October 1, 1899, to January 1, 1900.

During the past few weeks work on the new jail has been hampered by the non arrival of steel for use in cell work. Extra efforts on the part of the contractors to secure the needed material have resulted in failure, owing to the eastern mills being rushed with orders. In a letter received from the Pauley company, the St. Louis firm, which has the contract for the steel work, state that they regret that they are unable to finish their work as to contract, which calls for the completion of all steel work by October 1, 1899. Other work about the building cannot be finished till the steel cells are placed in position.

T. B. Bailey of Beloit, chairman of the building committee of the county board, who was in the city today to attend the committee meeting, said: "It is true that we have extended the jail contract work from October 1, 1899, to January 1, 1900. There was no other way for us to do." Edward J. Rathem of this city, a member of the building committee, said: "The Pauley company could not secure the steel on account of failure on the part of the mills to produce it. The contractors have asked for an extension of time and we have granted their request. They expect to secure steel next month."

Cruiser to Delagoa Bay.

Washington, Oct. 11.—In the event of war in South Africa, which the Boer ultimatum is regarded as making practically certain, orders will be immediately cabled to the cruiser Montgomery, directing her to proceed to Delagoa bay and co-operate with the American consul at Pretoria in the protection of American citizens and interests.

Europe Will Not Interfere.

Berlin, Oct. 11.—The Frankfurter Zeitung in an officially inspired article contradicts the statements that efforts are being made to secure the intervention of the powers in the Transvaal. Germany, it says, will await developments inactively, if not unsympathetically.

Will Take Troops from Canada.

Glasgow, Oct. 11.—The steamer Siberian has been chartered to convey 1,000 troops from Canada to the Cape of Good Hope.

Weight of a Lion.

Ask any acquaintance how much a lion weighs, and see what he will say. Those who know the look of the king of beasts best, and how small his lithe body really is, will probably come farthest from the truth. About 300 pounds to 350 pounds is the usual estimate. But this is below the mark. A full-grown lion will tip the scale at no less than 500 pounds. Five hundred and forty pounds is the record for an African lion. His bone is solid and as heavy as ivory. The tiger runs the lion very close. A Bengal tiger, killed two years ago by a British officer, scaled 520 pounds. A tiger of this size has, however, considerably greater muscular strength than the biggest lion.

HAVE COMMENCED BRICK PAVEMENT

CHICAGO MAN HAS WORK IN CHARGE.

Frank Sweet of the Windy City Laid the First Block of Brick at 9:30 O'clock This Morning—Cement Arrives From Milwaukee—No More Delays.

Paving West Milwaukee street with brick was commenced this morning at 9:30 o'clock. On the south side of the street, at the corner of Milwaukee and High streets, the first row of brick was laid, extending from the curb to the street car track. Contractor Watson, who has the contract, put on an extra force of men this morning, and the work will now be rushed.

City Engineer Brown was on hand this morning in the interest of the city. Since Saturday the work has been at a standstill, owing to the non-arrival of cement from the Cream City, Milwaukee street from Franklin to High street, has been torn up so that all traffic has been suspended. Merchants along the thoroughfare have been anything but pleased at the delay, claiming that the closing of that portion of the thoroughfare injures their business. Two cars filled with cement arrived from Milwaukee yesterday and from now on it is said that no trouble will be experienced in securing all the cement desired. Several car loads of brick are at hand, a portion of which have been distributed along the street.

Estimates made by Chief Engineer Brown show that four hundred thousand brick will be needed to complete the pavement from High street to the bridge. The eleven and a half inches from the brick to the solid earth is divided as follows: Concrete foundation, six inches; brick, four inches; sand, one and a half inches.

Contractor Watson said this morning: "We have been waiting for cement, but now that it has arrived, the work will be rushed. Frank Sweet of Chicago, has charge of the laying of brick and he is a man well informed in the work. I expect to have no more delays."

MULCAIRNES FOUND GUILTY

Jury Says That He Treated His Sister in a Brutal Manner.

In the municipal court this morning it took a jury of four less than ten minutes to find Patrick Mulcairnes guilty of assault and battery. Judge Fife imposed \$25 fine and costs, or a total of \$39.26. In default of the necessary money the prisoner is now in jail for thirty days. The following jury heard the case: Henry Hemming, John Luck, William Garbutt and Charles Curtis.

FORECAST OF WEATHER

Chicago, Oct. 11.—[Special]—Forecast for Wisconsin:

Threatening tonight and Thursday, with showers.

Bite of Apple.

Baltimore Sun: A peculiarly sad death of a little child occurred at Verona, in the Eighth district of Baltimore county, about three miles from Glencoe, which has aroused the sympathy of the entire neighborhood for the parents. The child was Herbert Miles Cole, the 2-year-old son of Mr. and Mrs. Clarence Cole, of Verona, and his death is supposed to have been caused by a small piece of an apple which he ate. Strangulation and convulsions followed, with startling rapidity, the eating of the apple, and death came after a few hours filled with intense suffering.

Queen Victoria's Crowns.

Queen Victoria has three crowns, but it is very seldom, indeed, that she wears one of them. During the long series of functions that accompanied the celebration of her last birthday, for instance, there was only one occasion on which the royal head was graced with a crown. This was the drawing-room which her majesty attended. The tiara which the queen then wore was made nearly forty years ago and weighs about eight troy ounces. It is a light shell of gold, thickly incrustured with diamonds, there being no less than 2,673 white diamonds and 523 of the rose brilliants.

Hunting Tigers Avrool.

And now tiger hunters have taken to bicycles. A pig was carried away by a tiger from a coffee estate at Castlewood, in the state of Johore, India. The news having been sent to Johore, the sultan's trackers were out on bicycles by midday and found the tiger in some low scrub within half a mile of the shed. The sultan himself rode out at 4 o'clock, and after a short beat of half an hour a large tiger was driven out of the scrub and fell to one shot by the sultan through the tiger's forehead.

Fishes for Him.

A Minnesota man captured a kingfisher when the bird was quite young and made a pet of him and trained the bird to capture fish and lay them at his master's feet. In summer the bird is taken to the river where fish are known to abound and set at liberty. The bird poises high in the air, and suddenly dropping, grasps his victim and promptly delivers the fish to his master.

MOTHER DISCLOSES HERSELF TO SON

GAVE A YOUNG MADISON RECRUIT A SURPRISE.

Refuses to Allow Him to Enlist—Jury and Court Officials Say That Judge Burnell Influenced the Verdict in a Slander Case—Some State News.

Madison, Wis., Oct. 11.—Norman B. Tharson, a recruit recently enlisted in the Forty-sixth United States volunteers for the war in the Philippines, yesterday had a new and unknown mother appear to forbid his going to the war. Tharson is nineteen years of age, according to his statement, and enlisted with Capt. John Baker last week. He did so with the consent of Mrs. Sophia Tharson, his supposed mother. Yesterday, however, a strange woman who says she lives in Milwaukee, appeared, saying she is Tharson's real mother and forbade him to enlist. The woman whose name cannot be learned, says she gave young Tharson, as he is known, to Mrs. Tharson, when he was two months old. Mrs. Tharson admits this to be true. She has raised young Tharson as her own child, and he never had an inkling before that Mrs. Tharson, who is a widow, was not his mother. The young man is but 17, the real mother asserts, and the department of war objects to recruits under 18 years. The consent of the parents of all recruits under 21 is also required. The situation is bewildering to young Tharson and Capt. Baker, who enlisted him, and the latter has appealed to the department of war for directions.

Frank Olson's Death in Cuba.

Racine, Wis., Oct. 11.—The news of the death of Frank Olson of this city, at Havana, of yellow fever, was received by the people of Racine with regret. He was 25 years old and the son of Mr. and Mrs. E. Olson. When the war broke out with Spain he enlisted in the navy as a first-class machinist and was on board the St. Paul during the war and was then transferred to the Regolute and then to Havana and was running the launch of the governor of the island when he died. The young man was born here, learned the trade at the J. I. Case Threshing Machine company, and was expected home on a furlough, when the news of his death was received. His body will be removed to Racine as soon as possible. Congressman Cooper is interceding for the family with a view of getting the body to the States.

Say La Follette is Sighted.

Madison, Wis., Oct. 11.—Friends of ex Congressman La Follette, the anti-machine republican leader, are considerably exercised over the apparent slight put upon him by the Milwaukee committee having the McKinley reception and banquet in charge.

McKinley and La Follette are close friends, Mr. La Follette having been a member of the ways and means committee which drew up the McKinley bill and having entertained the Ohioan on previous visits here.

The reception committee appointed at Milwaukee includes prominent republicans from various parts of the state, but La Follette was not among them. During the past days Postmaster Keyes and other republican leaders have received invitations to the banquet, but not Mr. La Follette.

To Study Tax Laws.

Madison, Wis., Oct. 11.—Attorney-General Hicks and State Tax Commissioner Griffin have gone to Ohio and Indiana to study the enforcement of the tax laws of those states, on express, sleeping car, freight line and railway equipment companies. These classes of corporations were taxed specially by the Whitehead bills passed by the legislature last winter, and the state board of assessment is having great difficulty in enforcing the laws and in getting the companies to make the required reports. The acts in question were based partly on the statutes of Indiana and Ohio, and these two members of the state board of assessment have gone there to gain information of the methods in use in those two states for enforcement.

Charges Against Judge Burnell.

Oshkosh, Wis., Oct. 11.—In a motion for a new trial in the circuit court charges by affidavit are made directly against Judge Burnell. Jurors and court officials, under oath, say that the judge in his charge influenced the verdict for plaintiff. The case is that of Kirker against Williams, in which the former, a married woman, was granted \$25 damages for slander. The defendant is a young attorney.

Forest Fires Raging.

Oconto, Wis., Oct. 11.—Forest fires are raging in this vicinity to an alarming extent. The air is filled with smoke and the sky reflects a deep red hue at night. Six farm houses have been burned, and a large amount of hay and miles of fence consumed. Unless rain comes at once a large amount of property will be destroyed.

Wisconsin Pensions Granted.

Washington, D. C., Oct. 11.—Original Mitchell Brisk, National Soldiers' home, Milwaukee, \$6. Increase, Jacob Get, Racine, \$10 to \$12; Jerome B. Forsythe, Bay Settlement, \$16 to \$17; James A. Sherry, Neenah, \$6 to \$8. Original widows, etc., Elsie W. Kelm, Portage, \$22.

Wisconsin Postmasters.

Washington, D. C., Oct. 11.—An order was issued establishing a postoffice at

Latto, Iowa county, with Elmer Hogan postmaster.

Found Guilty of Burglary.

Juneau, Wis., Oct. 11.—Peter Thompson, the negro who has been in jail awaiting trial since last May, was found guilty of breaking into the dwelling house of Mrs. Yates, near this city last May.

DEWEY REACHES VERMONT.

Admiral Is Greeted with Enthusiasm at Every Station.

Burlington, Vt., Oct. 11.—Admiral Dewey arrived last night at Shelburne Vermont. He is the guest of Dr. W. Seward Webb. There was no incident of note on the journey beyond the constant manifestations of enthusiasm at every station. When Vermont was reached the people gathered on their farms beside the track and waved flags. It was a remarkable, triumphant progress.

This afternoon the admiral and his party go to Montpelier in W. K. Vandenberg's private car. The Montpelier parade will occur on Thursday afternoon, and Gov. Smith will pin a jeweled medal from the state on Dewey's coat.

On Friday Admiral Dewey lays the corner-stone of the new \$100,000 building at his old school, Norwich university, at Northfield. Then he will take a special train to Boston. He will be there two days, and will then return to Washington.

CONFIRM MINISTER LOOMIS' DISPATCH

VENEZUELAN NEGOTIATIONS HAVE FALLEN THROUGH

Navy Department at Washington This Morning Received a Cablegram From Capt. Hemphill—Believes It Will Now Be a Fight to the Bitter End.

Washington, Oct. 11.—[Special]—The navy department this morning received a cablegram from Capt. Hemphill of the cruiser Detroit at Lagayra Venezuela, confirming Minister Loomis' dispatch to the effect that negotiations between the two parties in Venezuela had fallen through and expressing the opinion that it will be now a fight to the bitter end between the government and the rebels.

Deep Waterway Convention.

Peoria, Ill., Oct. 11.—To harmonize conflicting interests, then move on congress, is the object of the deep waterway convention now being held here. Twenty-three counties in Illinois and St. Louis, Mo., have delegates in attendance.

Henry M. Mayo of Ottawa was made temporary chairman of the convention. He insisted that the people were ready to unite and ask the government to do what it ought to have done years ago. After the temporary organization had been effected and the committees appointed a recess to 8 p. m. was taken.

The committee on rules reported that the delegates present from each county should cast the full vote to which the county is entitled under the allotment. Cook county gets eight members on the resolutions committee, St. Louis five, and other counties one each. This committee, regarded as the most important body yet named in connection with the deep waterway project, was selected.

Michigan Odd Fellows Meet.

Laing, Mich., Oct. 11.—The grand encampment of Michigan Odd Fellows convened in annual session Tuesday. The reports show an increase of five subordinate encampments and 500 members for the year. Ten dormant encampments were reactivated. The new constitution was adopted as submitted last year, with a few minor amendments. The provision giving past grand patriarchs per diem and expenses for attending the grand encampment session was rejected.

Bishop Potter Against Expansion.

St. Paul, Minn., Oct. 11.—The nineteenth congress of the Protestant Episcopal church opened its sessions in this city Tuesday with a large attendance of leading churchmen from all parts of the United States. It has already been made memorably by the discussion of national questions. Bishop Potter attacked the administration's policy in the Philippines and Dr. Rufus W. Clark defended it.

Venezuelan War Is Resumed.

Caracas, Venezuela, Oct. 11.—The negotiations between the envoy of President Andrade and Gen. Castro, the rebel leader, for a settlement of the differences that led to the insurrection, have failed, and hostilities have been resumed. Foreign interests are amply protected.

Schley Soon to Command.

Washington, Oct. 11.—Rear Admiral Schley will raise his flag on the cruiser Chicago about the 25th of this month, assume command of the south Atlantic squadron and sail for Cape Town.

Clear Peru Air.

The air is clear at Arequipa, Peru. From the observatory at that place, 8,050 feet above the sea, a black spot one inch in diameter, placed on a white disk, has been seen on Mount Charcani, a distance of eleven miles, through a thirteen-inch telescope.

SCHWAN'S COLUMN LEAVES MALABON

Withdraws From Place Taken Yesterday

MOVED TO FORMER POSITION AT SANTA CRUZ.

Capt. Woodbridge Geary of the Thirtieth Infantry, a Native of Oregon, Died This Morning From Gunshot Wounds Received—An Active Campaign Is Ordered, and the Forces in the Philippines Are to Make a General Advance—War Department Determined That Rebel Positions Be Taken.

Manila, Oct. 11.—[Special]—Schwan's column, which occupied San Francisco de Malabon, withdrew from that place today. Schwan has moved his troops to the former position at Santa Cruz. Capt. Woodbridge Geary of the Thirtieth infantry, died this morning at San Francisco de Malabon from gunshot wounds received in a reconnaissance yesterday. Geary is a native of Oregon.

Fired on From Ambush.

Manila, Oct. 11.—[Special]—After occupying San Francisco de Malabon, yesterday, Schwan advanced two miles south, preceded by a strong reconnoitering force. The main column proceeded down the left bank of a small river, and Major Budd's battalion paralleled him on the right bank.

The Filipinos opened an ambush fire and a running fight ensued. Schwan was constantly under fire. The Filipinos finally withdrew, leaving many dead and wounded.

Twenty-five insurgents, including three officers, were captured, also a field gun.

On the American side, nine were wounded, including one officer.

Famous Twentieth Kansas Home.

San Francisco, Oct. 11.—[Special]—The famous Twentieth Kansas disembarked from transport this morning, and marched to the presidio. The warriors were given a great ovation.

Washington, Oct. 11.—A general advance along the lines is indicated by official and press dispatches from Manila. This is also the understanding at the war department, and the expectation is that there will be some heavy fighting within the next few days.

According to statements made at the war department, no more towns are to be taken and then abandoned. It is proposed to make the advance permanent. With the additional force which arrived during the rainy season and others to follow, Gen. Corbin said that there would be a sufficient number of troops available to garrison towns as rapidly as they are taken and still leave a formidable force for continuing the onward movement.

Dispatches received Tuesday, and not made public, show that both Gens. Lawton and MacArthur are moving northward, the purpose being to get control of the two railroads and the important towns as far northward as possible. Eventually it is proposed to send an expedition by water to Lingayen, so as to flank the enemy. Meanwhile the divisions under both Lawton and MacArthur will push northward as far as possible.

Manila, Oct. 11.—Schwan's column entered San Francisco de Malabon without opposition Tuesday morning. The enemy had fled.

Ptomaines in Crabs.

Baltimore Sun: The report of a case of ptomaine poisoning in Baltimore after the victim had eaten crabs has caused a fear in the minds of many shellfish lovers that they may be similarly attacked. Dealers in crabs and crab meat assert that there is no danger to be feared from partaking of this product of the Chesapeake and its tributaries so long as the ordinary precautions are observed attending the use of any perishable foodstuff.

Women Goldsmiths.

An interesting commission has been given by the French government to a lady art worker in gold for a necklace designed as a gift to the Empress of Russia. It consists of twelve medallions in gold, each bearing the portrait of a French woman celebrated in political, literary or social history. The series begins with the first Christian Queen of France and ends prior to the great revolution. The art work of the goldsmith was declared at the recent woman's congress in London to be peculiarly suitable for women.

Are You Nervous?

"Overwork and overexercise result in nervous diseases," said a physician recently. "Preventive measures may be summed up in two words," he continued—"physical development. Worry annually kills more people than war. One should strive, therefore, to avoid things that tend to disturb the nerves. Throw away the pen that scratches and the pencil that has a hard spot in it. Discard a needle that squeaks and a basin that leaks. Use sharp tools, wear soft garments that do not rub."

ANNUAL MEETING OF
ROCK COUNTY W.C.T.U.HELD YESTERDAY AT MARY
KIMBALL MISSION.

Mrs. Vie H. Campbell of Evansville, Ind., elected President of the Union For the Ensuing Year. Other important business transacted, including reports of Superintendents.

The annual meeting of the Woman's Christian Temperance Union of Rock county, was held at the Mary Kimball Mission on South Jackson street yesterday. Much business of importance came before the gathering, chief among which was the election of officers, which took place in the afternoon and resulted as follows:

President—Mrs. Vie H. Campbell, Evansville.

Corresponding Secretary—Mrs. Carrie H. Dresser, Clinton.

Treasurer—Mrs. C. E. Yates, Janesville.

The superintendent of the several departments were elected by acclamation, several of the old officers being re-elected. Following is a list of the departments and those who will have charge of the coming year:

Evangelistic Work—Mrs. W. W. Stever, Janesville.

Press—Mrs. M. S. Heritage, Milton.

Lumberman Work—Mrs. E. E. Miller, Milton.

Literature—Mrs. F. A. Clark, Milton.

Juvenile Work—Mrs. Mary Palmer, Janesville.

Parlor Meetings—Mrs. Story, Harmony.

Sabbath School Work—Mrs. E. Bates, Clinton.

Scientific Temperance Instruction—Mrs. Ella Wheeler, Beloit.

Mothers' Meetings—Mrs. Mary M. Barrett, Clinton.

Demorest Medal Contest—Mrs. Osborne, Lima Center.

Franchise—Mrs. Kearney, Janesville.

Narcotics—Mrs. Elsie R. Schmitz, Milton.

Unfermented Wine—Mrs. M. E. Vincent, Milton.

Work Among Foreigners—Mrs. Heritage.

Prison, Jail and Almshouse Work—Miss Mary Kimball, Janesville.

Fair Work—Mrs. Osborne, Lima Center.

Mrs. Cora Dickinson was the recipient of a vote of thanks for the very able manner in which she had presided during the past three years. Mrs. Dickinson was reelected president yesterday, but she refused to accept the honor for another term, despite the urgent appeals of sister members. A vote of thanks was also extended to Miss Mary Kimball for her hospitality, to which she made a few appropriate remarks.

The morning session opened with a devotional service, led by Mrs. Carrie H. Dresser of Clinton, secretary of the organization. The business session followed, with Cora E. Dickinson, county president, presiding. The morning was devoted to reports of officers and local unions, which were encouraging. At the noon hour a picnic dinner was served in the mission, and an hour was delightfully passed in partaking of the good things and sociability.

Mrs. Mary Palmer very cordially invited the organization to hold its next annual meeting at her home in this city, but the invitation was not definitely accepted.

Mrs. Dickinson, the retiring president, made a few remarks. A prayer by Mrs. Yates, the singing of "God Be With You Till We Meet Again," and benediction by Miss Kimball, brought the meeting to an end.

BELOIT ELEVEN WAS SCARED

"Stage Fright" Contributed to the Result of Saturday's Game.

The Beloit Daily News, in commenting on Saturday's football game, says:

"Stage fright on the part of Beloit and brilliant playing on Wisconsin's side lost the game to the wearers of the gold at Milwaukee Saturday, or at least contributed largely to the size of the score. The Beloit boys apparently went to pieces after the first touchdown and their playing lacked snap and energy. Their tackling was weak and their defense not as good as they had shown in practice during the previous week. The boys were nervous before the game and this put them in poor form for the contest. Meyers, who is regarded as the strongest man on the Beloit team, fumbled several times and contributed largely to the first touchdown made by Wisconsin.

Lunacy Increasing in England.

Lunacy shows an alarming growth in England. Statistics just published give 105,086 as the total of certified lunatics, an increase of 3,114 over the preceding year. This is the greatest annual increase recorded by over 1,000. The rate of recovery also shows a backward movement, from 38.31 per cent to 36.37. Agricultural laborers provide the largest proportion of lunatics, attributable to a low standard of life and the use of strong, cheap Indian teas. Clerks furnish the next greatest proportion of lunatics. Here also hard, wearing, underpaid work and insufficient food is the leading cause. It is contended that the increase in lunacy is more apparent than real, and is due chiefly to the law regulating the notification of lunatics, but experts agree that the stress of modern life is the prime factor in promoting lunacy.

LATE NEWS BY TELEGRAPH.

BLUE AND GRAY REUNION.

Former Foes Gather as Comrades at the Evansville (Ind.) Camp.

Evansville, Ind., Oct. 11.—The national reunion of the Blue and Gray opened Tuesday at Camp Farragut and will continue four days. The city has been decorated throughout, and it is estimated that 3,000 veterans and visitors have already arrived. The exercises of the reunion are held at Camp Farragut, located in the tristate fair grounds, where a platform and amphitheater capable of seating 10,000 persons has been erected.

Owing to the fact that the Camp Farragut amphitheater was not completed till noon Tuesday, the morning program was postponed and merged into the exercises of the afternoon. Ex-Judge R. D. Richardson of Evansville presided and introduced Mayor William M. Akin, Jr., who delivered the address of welcome, which was responded to by Capt. A. J. Harris of Nashville, Tenn., and Gen. John W. Noble of St. Louis.

Speeches followed by Col. Pollard B. Hall of Macon, Ga.; J. G. Shanklin of Evansville; Col. A. J. West of Atlanta, Ga., and John F. Lockett of Henderson, Ky. In the evening the veterans of the Blue and Gray held a campfire.

Today will be the principal day of the reunion. President McKinley and cabinet will be present, and the president will make an address.

The principal address of Tuesday was delivered by Col. Pollard B. Hall of Macon, Ga. He said in part:

"The majority of my comrades, while rich in legacies of valor, are poor in this world's goods. Though poor we be, yet if there be any within the sound of my voice who tremble at the old rebel yell, though given in honor of a national event, and whose slumbers are disturbed by visions of hungry Confederates feeding from the public crib, rest in peace. That can never be. We want no pensions from the United States government, and are entitled to none. No man can retain his self-respect and accept that not his due."

"Comrades in blue, we want only your friendship and moral support. At this moment there is hanging over my beloved southland a pall black as night. The racial problem confronting us calls for wise and able statesmanship to solve. Many of our people live in hourly dread of the stealthy approach of the despoiling fiend. You once gave us a heroic dose, and it cured the patient. We feel now that we shall not call in vain for your aid."

The evening was devoted to a general campfire of the veterans at Camp Farragut.

Dr. Garrison Resigns.

St. Louis, Oct. 11.—At the annual meeting of the stockholders of the Christian Publishing company yesterday Rev. Dr. James Harvey Garrison, editor in chief of the Christian Evangelist, presented his resignation. This action was taken owing to the fact that stockholders in the paper did not approve of his editorial management, in that he permitted communications to appear in the paper containing the sentiments of the higher criticisms of the Bible. Dr. Garrison has been editor of the Christian Evangelist and of the paper which preceded it for more than thirty years. No action has yet been taken on the resignation.

called Grain-O. It is a delicious, appetizing, nourishing food that takes the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the most coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children as well as adults, can drink it with great benefit. Costs about 3¢ as much as coffee, 15¢ and 25¢.

PRESIDENT ENDS HIS VISIT.

Cities of the Northwest Now to Be Honored.

AT EVANSVILLE, IND., TODAY.

Chief Executive Is to Deliver an Address at the Blue and Gray Reunion—Significant Speech Made at the Closing Banquet in Chicago.

Chicago, Oct. 11.—President McKinley, accompanied by Mrs. McKinley, Secretary Gage, Secretary Hitchcock, Secretary Wilson and the other members of the presidential party, left Chicago last night at 11:30 o'clock on a Chicago & Eastern Illinois train for Evansville, Ind. At the depot the president said his stay in the city had not been marred in the least and hoped to be able to return in the near future.

The train reaches Evansville, Ind., this morning. A two hours' stop will be made, during which the president will hold a public reception and deliver an address. Then the train will head again for Chicago, arriving here at 8:30 this evening over the Chicago & Eastern Illinois railroad. It will be switched over to the tracks of the Chicago, Milwaukee & St. Paul railroad and the invasion of the northwest will begin. After visiting St. Paul, Minneapolis, Omaha, Sioux City, Dubuque and Milwaukee, Chicago will again serve as a transfer station for the president, and the homeward journey will begin.

President McKinley, in a speech delivered last night at the Commercial club banquet, strongly advocated the extension and development of the merchant marine of the United States. His talk was intended primarily for business men, and he aroused great enthusiasm when he said:

"American shipping under the American flag should be seen in every port, and our trade must go wherever the flag goes—markets are going to increase and our products are going into every market in the world. The reason is we make the best products and can undersell all others."

At the close of his speech he said:

"The boundless prosperity we have had in the last year and a half has made me fear that after all we might be overdoing the business of the country. I trust I am mistaken, and I am told by business men everywhere that the business of this country now rests upon a substantial basis, and that you are really only making what there is a market for, and as long as you do that, of course, you are doing a safe business, and our markets are going to increase."

Secretary Mariscal, who followed Mr. McKinley, borrowed some florid figures from his native Spanish to express his gratitude for the welcome Chicago had extended to him.

Minister Richard Dobell, who flung himself into the breach made by the absence of Premier Laurier, created a mild sensation by declaring that Great Britain's colonies owed to the United States a debt of gratitude for the stand they had taken in 1776, in challenging tyranny when it had been forced upon them. Mr. Dobell announced that Canadian sentiment toward the United States had progressed far beyond the "cousin" stage, and that Canadians looked upon Americans as brothers.

Postal officials and postal clerks in the service of the United States paid tribute to their chief, Postmaster-General Charles Emory Smith, at the banquet given in his honor last night. Nearly five hundred guests, all in some way connected with the work of the postal department, were present.

Anticipates November Interest.

Washington, Oct. 11.—Assistant Secretary of the Treasury Vanderlip has issued an order anticipating the November interest without discount. The order also provides for the anticipation of the entire fiscal year's interest at a discount of 2-10ths of 1 per cent a month. If this offer is taken advantage of it will release about \$30,000,000.

To Prosecute Mr. Roberts.

Salt Lake, Utah, Oct. 11.—Congressman-elect Roberts has vanished from Utah. He is to be charged with two felonies, of which polygamy forms the base, and two misdemeanors for unlawfully living with his two plural wives. In case of failure to convict in Utah, affidavits have been drawn to bring a record of the cases to congress.

Army of the Tennessee.

Chicago, Oct. 11.—The thirty-first annual reunion of the Army of the Tennessee began yesterday. There was a short business session yesterday morning, a reception in the afternoon and a general entertainment in the evening. President McKinley was a visitor at the afternoon reception and was enthusiastically received.

Deaths of Dreyfus Family.

Paris, Oct. 11.—The health of Dreyfus is greatly improved as he is soon to leave for the Midi. It is rumored that Mme. Dreyfus has taken a villa in Egypt. The Hadamar family advise Dreyfus not to accept the prince of Monaco's invitation, as they fear it will bring on complications.

It doubles the joy of the human heart, brightens body and brain. That's what Rocky Mountain Tea will do. 35 cents. Smith's Pharmacy, Kodak agents.

BOSTON AHEAD OF PHILLIES.

Quakers Shot Out and Tie Broken—New York Defeats Brooklyn.

The eastern clubs of the National league played yesterday, while the westerners rested. Boston moved ahead in the season contest for second place, downing the Phillies by 6 to 0. Brooklyn let New York score a victory. Baltimore and Washington had to stop for darkness after the seventh inning. Rain prevented the St. Louis-Cincinnati game. The scores:

Southern Editors Fight a Duel.

New Orleans, La., Oct. 11.—A desperate street duel occurred in front of Newspaper row on Camp street, Tuesday afternoon between Dominick C. O'Malley, proprietor of the Evening Item and a well-known promoter of sport, and C. Harrison Parker, state tax collector, chairman of the democratic state campaign committee and editor in chief of the Delta, an anti-lottery organ. Both were seriously if not fatally wounded. The trouble is said to have originated over a cartoon in the Item last Sunday ridiculing Col. Parker.

Mayor Taggart Wins in Indianapolis. Indianapolis, Ind., Oct. 11.—The democratic committee at 4 o'clock this morning chose Mayor Taggart's election, by 1,000 majority and the entire ticket by 600 to 800.

Both parties in their platforms made local matters the main issues, contenting themselves with mild expressions as to national affairs. The leading issue was the enforcement of the laws.

"I GAVE little thought to my health," writes Mrs. Wm. V. Bell, 230 N. Walnut St., Canton, O., to Mrs. Pinkham, "until I found myself unable to attend to my household duties."

"I had had my days of not feeling well and my monthly suffering, and a good deal of backache, but I thought all women had these things and did not complain."

"I had doctored for some time, but no medicine seemed to help me, and my physician thought it best for me to go to the hospital for local treatment. I had read, and heard so much of, your

Vegetable Compound that I made up my mind to try it. I was troubled with

failing of the womb, had sharp pains in ovaries, leucorrhoea and painful menses. I was so weak and dizzy that I would often have severe fainting spells. I took in all several bottles of Lydia E. Pinkham's Vegetable Compound and Blood Purifier and used the Sanative Wash, and am now in good health. I wish others to know of the wonderful good it has done me, and have many friends taking it now. Will always give your medicine the highest praise."

Mrs. A. TOLLE, 1946 Hill-ton St., Philadelphia, Pa., writes:

"DEAR MRS. PINKHAM—I was very thin and my friends thought I was in consumption. Had continual headaches, backache and falling of womb, and my eyes were affected. Every one noticed how poorly I looked and I was advised to take Lydia E. Pinkham's Vegetable Compound. One bottle relieved me, and after taking eight bottles am now a healthy woman; have gained in weight 95 pounds to 140 pounds, and everyone asks what makes me so stout."

The Fire at Makanda, Ill.

Carbondale, Ill., Oct. 11.—A large proportion of the business houses of Makanda, a small town seven miles south of here, was destroyed by fire Tuesday. Seventeen business places were burned, with a loss of \$80,000. The fire is supposed to have been the work of an incendiary.

Powder Works Explosion.

Valparaiso, Ind., Oct. 11.—An explosion occurred in the Aetna powder works at Miller's Station last night. The shock shook business houses and dwellings in this city for several seconds, and in several instances broke plate glass in buildings.

American Flag Is Not Displayed.

Santiago de Cuba, Oct. 11.—A curious feature of the mammoth Cuban Decoration day parade Tuesday was the absence of the American flag. More than 200 flags were carried in line, but every one was the Cuban tricolor.

Railway Operators May Quit.

Indianapolis, Ind., Oct. 11.—Secretary Sawyer of the general grievance committee of railway telegraphers says that 90 per cent of the vote that has come in by telegraph favors a strike on the Big Four road.

THIS DAY IN HISTORY.

1347—Louis V., emperor of Germany, died.
1511—Erasmus Reinhold, German astronomer, born in Saefteldt, Germany.
1571—Don John of Austria, commanding united fleets of Spain, Venice and the pope, destroyed the Turkish fleet at Lepanto, ending the growth of Moslem power.
1753—Anne, countess of Maclesfield, whose illegitimate son was the poet Savage, died in London.
1845—Terrible hurricane at Havana; 3 French and 14 Spanish men-of-war and 63 merchantmen wrecked in the harbor; upward of 100 people killed in the streets by falling buildings.
1895—The Right Hon. and Most Reverend Edward White Benson, archbishop of Canterbury and primate of England, died in London; born 1829.

FAVOR AN ALLIANCE.

If Australian newspapers reflect public sentiment, the people, that island, favors an understanding between England and the United States. Dr. William Horne, of this city, has received from his brother in Australia a Melbourne paper containing this editorial:

The incident the other evening at a smoke night in Sidney forms pleasant reading. A seaman of H. M. S. Pyrites sprang upon the platform and caught hold of the Union Jack hanging overhead, one of the crew of the U. S. Celtic following his example, and catching hold of the Stars and Stripes, while another, belonging to the same vessel, shouted, "Is there anything on earth that can haul them down?" The challenge seems a bold one, but viewed in sober earnest, there is nothing of the gasconade about it. It is only typical of the feeling that should exist among men sprung from one common stock and speaking one common tongue, with, of course, variations. The bond of kinship is always stronger than any other, and Americans and Britons alike must remember that in the past their forefathers dwelt in the same land, and fought under the same banner. Were the two nations in hearty accord, is there anything on earth that could haul the united flag down? In all sober earnestness, there is not. In the present slightly complicated condition of international affairs, and the controversy as to the comparative merits of assaetida and Dum Dum bullets, as warlike destructive, no really civilized nation wants to go to war. They may all have ships, men and money. But, as in the old Douglas days, in Scotland, who is going to "bell the cat." At the same time a great war may at any moment be entered upon, and it is him in Gilead to think that there are indications that in the death struggle of either Great Britain or the United States the two flags may be united, and that it will be no easy matter to haul them down.

Milwaukee Sentinel: "Democratic historians announce that Editor Usher was a republican once before and joined the democrats in 1872 with the liberal republican movement of that year. The fact that Mr. Usher was about eighteen years of age at that time may account for the comparatively light vote received by Mr. Greeley notwithstanding the slump of Mr. Usher from the republican organization."

Senator Fred Dennett, of Port Washington, who has been mentioned as a possible candidate for the republican nomination for governor, refuses to allow the use of his name.

The democratic organs are now saying things about Ellis Usher that go a long way toward proving that it makes a great deal of difference whose ox is gored.

Mayor Rose of Milwaukee, is certain that the Cream City will get the democratic national convention, and we hope his conclusions are well founded.

Sir Wilfred Laurier, premier of Canada, favors an American-British alliance.

Paper Made from Peat.

An Austrian invention of recent occurrence is the conversion of bog peat into paper, carpet and even food for pigs. The inventor, Karl Zschornner, has paid attention to peat for years and after prolonged experiments has produced not only a variety of grades of paper, but, textures, which for cheapness can scarcely be equalled by any modern products. A handful of dried peat looks like remnants of tobacco clippings and would hardly impress an observer as being of commercial consequence, but after being put through the inventor's process the mass becomes fibrous and can be treated like any other textile material. A large plant is being operated in Austria for manufacturing from peat. Samples of these products present the appearance of cloths and carpets of the highest quality.

WILL COUNT HAWAIIANS.

Editor Who Is Special Census Agent For Our New Territory.

Mr. Alatau T. Atkinson, who is going to count noses in the Hawaiian Islands for Uncle Sam, has undertaken a job of no mean proportions. His official title is special agent of the census for Hawaii. He is a good deal of a cosmopolitan, although at heart he is thoroughly American.

Mr. Atkinson was born in Siberia of English parentage. His father was T.

ALATAU T. ATKINSON.

W. Atkinson, an artist and traveler, who wrote "Oriental and Western Siberia" and "The Upper and Lower Amoor," which for many years were standard works on the subjects of which they treated. His mother, too, was an author. She wrote "Tartar Tents and Their Inhabitants," a charming account of the domestic and family life of the Tartars.

Mr. Atkinson went to Hawaii in 1893 and was for a number of years principal of St. Albans college and later of the Fort Street government school, then perhaps the leading public school in the islands. From 1890 to 1897 he was editor of the Hawaiian Gazette. This was during the period leading up to the revolution of 1897, which culminated in the new constitution of that year.

From 1897 to 1898 he was inspector general of schools, and it was during his administration of the office that English was fully substituted for Hawaiian as the medium of instruction in all the government schools, a measure that has been of great benefit in the process of Americanizing Hawaii. He was superintendent of the census in 1896 and a member of the legislature in 1898. Since 1897 he has been editor of the Hawaiian Star.

WORLD'S FAIR WAIF.

He is Now the Pride of His Foster Parents.

William Horace Boyer, aged 6, has the distinction of being the only real World's fair boy in the country. This honor it happened at the time of the Columbian exposition a crèche was instituted on the grounds, where daily hundreds of parents left their babies from morn till night on payment of a small fee.

It was anticipated that many unprincipled parents, desiring to get rid of their little ones, would take advantage of this opportunity, and the administration made arrangements with the Children's Home and Aid society of Chicago to receive and care for all children that might be so abandoned.

But of 10,002 tots placed in the day nursery during 1893 only one remained unclaimed, for a baby boy weighing scarcely six pounds and judged to be about 6

weeks old, with the most doubtful chances of ever adding another seven days to his tender age.

The case was mentioned in the papers and brought a large number of applications for the child, among them one from Mrs. W. H. Boyer, whose husband had full charge of the Illinois Institution For the Education of the Blind at Jacksonville, Ills.

Mr. and Mrs. Boyer were allowed to adopt the child. He has grown up into a healthy, active and precocious youngster. He is extremely handsome, and his foster parents think the world of him. The accompanying picture of the World's fair waif was taken the other day just as he had come from the barber's, where he had sacrificed the curls which had been his bane and his foster mother's pride.

Tortured Him.

There is a retired organ grinder in Louisville who is both clever and rich. Being unable to collect three months' rent on a house he owned, he took his organ there and played it steadily in front of the house till the tenant, assisted by his sympathetic suffering neighbors, raised the money and bought off the organ grinding landlord with the rent.

us as strangers. We are glad to have you here. We extend to you the hand of brotherhood and both as Odd Fellows and citizens of Janesville we welcome you.

Judge Sam Ryan of Appleton, a distinguished member of the newspaper fraternity, responded on behalf of the visitors. His discourse was an able effort, which was interspersed with humorous remarks of a nature that brought forth smiles of appreciation from the attentive listeners.

The Christ church choir, consisting of Miss Mary Wilcox, Mrs. E. M. Hyzer, Ed. O. Smith and Harry P. Robinson, exquisitely rendered the Phantom chorus from "Sonambula." In response to a hearty encore they sang the negro melody, "Don't Yo' Cry My Honey." Miss Julia Wilson played the piano accompaniments.

The visitors were welcomed on behalf of the local order by M. G. Jeffrisin in a manner that pleased the audience and his remarks were frequently interrupted by applause.

Grand Master Jackson Sibbald of Yroqua, responded and his remarks were teeming over with valuable information pertaining to the order.

The Orpheus Mandolin club rendered a beautiful selection, but one was not enough to satisfy the music lovers and the members responded to a hearty encore.

Miss Mary Wilcox sang "You" in a charming manner. An encore was the natural result and she sang "Mignon." Mrs. Janet B. Day recited "My Philosophy." As usual one recitation by this celebrated elocutionist, was not enough. In response to an encore she recited "Say Good Bye and Howdy-do." Both poems are from the pen of James Whitcomb Riley.

The singing of the "Auf Wiedersehen Waltzes" by the Christ church choir, was an appreciated number on the program.

The program closed with a selection by the Orpheus Mandolin club, after which dancing was the order of the evening.

The great success of the reception is largely due to the efforts of the following committee: Charles W. Schwartz, L. M. Nelson, and James A. Fathers.

At 4 o'clock yesterday afternoon the Rebekah degree was exemplified by the degree staff of Janesville Lodge No. 171 of this city. The work brought words of praise from the visitors.

LAKE IN AFRICAN MOUNTAIN.

Explorer Circumnavigates the Entire Sheet of Water.

At a meeting of the Royal Geographical society in London an interesting report by Poulett Weatherley on Lake Bangweulu, in central Africa, was read. The explorer circumnavigated the entire sheet of water. His party reached the lake in August, 1896, and established a camp at the southeastern corner, 3,765 feet above sea level. The shores of the lake are absolutely free from shells and the water has no depth. He sounded in many places, but never found more than fifteen feet. Its surface was usually still, a very strong wind raising the smallest sea. It appears to be nothing but a flooded district. Mr. Weatherley thinks it was formed by the water from the great watershed of the Tanganyika plateau. The overflow is checked to the west and southwest by a rim of rock, but the east and southeast has no such barrier, and in that direction there is a vast swamp from twenty to forty miles in breadth. The Liposochi and Luena to the north and the Chambeze to the east are the chief contributors to the water supply. With twenty-five men he explored the island of M'hawala, about twenty miles long and 1,000 yards from the shore, and proceeded toward the outlet of the Luca-pula, ultimately landing at Kirui island. After a stay of some time on the island, which they found low, beautifully wooded, well peopled and cultivated, they passed on to Kisil island. This they found not a bit like the island depicted on the maps. It presented a most peaceful, prosperous sight, and in common with the other two islands, Kirui and M'hawala, it reared a good number of sheep—the broad-tailed kind—and goats. The people appeared to live a life of complete peace and contentment. Proceeding in a northerly direction, the party reached the extreme north-northwest corner of the lake. Continuing their journey along the coast, they discovered a narrow peninsula stretching north and south, having on the west a sheet of water about three miles in width, which extends the whole length of Bangweulu north and south, but is always separated from the lake by the ischmus. There was cotton everywhere, but not in large quantity, and the bark-cloth tree abounded.—New York Post.

ODD FELLOWS ELECT STATE OFFICERS

ALDERMAN HUTCHINSON IS HONORED.

Chippewa Falls Chosen as the Next Meeting Place—Madison Man Elected to the Office of Grand Patriarch—Visiting Delegates Report Excellent Time.

At the fifty-second annual session of the Grand Encampment of Wisconsin of the Independent Order Odd Fellows held at West Side Odd Fellows' hall this morning, the following officers were elected for the ensuing year:

Grand Patriarch—W. T. Fish, Madison.

Grand High Priest—John L. Fulton, Whitewater.

Grand Senior Warden—J. F. Hutchinson, Janesville.

Grand Scribe—L. O. Holmes, Baraboo.

Grand Treasurer—William Humphrey, Watertown.

Grand Junior Warden—B. H. Kohorn, Stevens Point.

Grand Representative—A. B. Whitman, Appleton.

Trustee Three Years—L. F. Thiesen, Oshkosh.

Trustee One Year—W. E. Noyes, Beaver Dam.

Chippewa Falls was chosen as the next place for holding the encampment.

Grand lodge officers, as follows, were present:

Grand High Priest—W. T. Fish, Racine.

Grand Senior Warden—J. L. Fulton, Whitewater.

Grand Junior Warden—Absent, but the place is filled by Charles Barker, Milwaukee.

Grand Marshal—J. F. Hutchinson, Janesville.

Grand Scribe—L. O. Holmes, Baraboo.

Grand Treasurer—W. Humphrey, Watertown.

Grand Inside Sentinel—B. H. Kohorn, Stevens Point.

Grand Outside Sentinel—D. W. John, Marinette.

The grand patriarch, A. B. Whitman, is also detained at home by reason of sickness.

The social portion of the affair occurred last evening, a reception being given in honor of the visitors at East side Odd Fellows' hall. An excellent program was given and the large audience present enjoyed it immensely.

James A. Patners was chairman, and presided in his usual affable manner. A regatta selection by Smith's orchestra opened the program, and the number was enthusiastically received.

Mayor Richardson delivered an able address of welcome, in which he voiced his usual kindly feeling in the following flow of oratory:

Mr. Chairman, Ladies and Gentlemen—This order of Odd Fellows, of which you are members, and of which you are all so proud, was founded but a little over eighty years ago and I wonder if we fully realize the great change that has taken place in the world since that time. I mean the change that has taken place in the relations that men bear to each other. There have always been fraternal organizations in the world ever since man ceased to live alone in a cave and began to seek the society of other men; but for centuries, even down to within a comparatively short time, such societies were comparatively secret. I do not mean secret as to their rites and ceremonies only, but secret to the world at large in that only their members knew of their existence.

How all that has changed and today a man's membership in a society is not only generally known but he is proud of it and frequently proclaims it to the world by wearing a badge or button. Now this change must mean something. It doubtless indicates many things but the one most prominent indication is that men have learned to feel kinder towards each other; that the spirit of fraternalism has grown, and that men are becoming more and more brotherly in their feelings towards each other, and while many influences may have contributed to this change, one of the strongest influences has been the many fraternal societies organized throughout the world, and of these societies yours is one of the strongest and most influential.

These changes have taken place so gradually as to be scarcely realized, yet the change since Odd Fellowship was organized has been great. Fifty years ago the spirit of fraternalism was so narrow among the people in general that we had but little interest in the personal welfare and rights of people outside our own circle, or at most, outside of our own country. While today, the spirit of fraternity has become so broad that injustice anywhere arouses the whole people, and recently the people of this country have evinced as much interest in a political trial in France as if the accused had been the personal friend of each of us. I do not think this could have happened a hundred or fifty years ago. While it would perhaps be an exaggeration to ascribe all this change to Odd Fellowship, we must acknowledge that an order that has grown to a membership of about a million must have wrought part of the change. And it is because of this work that your order has done, that we welcome you here tonight. We feel that that work should have this public recognition. There was a time, before your order existed, when to be a stranger was to be an enemy—the two words were synonymous—but that time has passed and here tonight to be a stranger is to be a brother and to entitle you to the best we have. And it is as brothers that we welcome you who come among

VEAL CHOPS A LA ITALIENNE.—Rare and flatter eight medium sized veal chops, season with salt and pepper, put in a sauté with six ounces of butter and oil in equal parts and fry a light brown on both sides. Drain off the fat and add a glass of white wine and about 1/2 pint of Italian sauce. Cover and let simmer 10 minutes, dish up in a circle alternately with heart shaped pieces of bread fried in butter, pour the sauce in the center and put small white paper ruffles on the bones; serve.

ITALIAN SAUCE.—Put two ounces of butter and sweet oil (or the fat drawn from the chops) in a small saucepan with two tablespoons of shallots, stir and fry a little, add pepper, nutmeg, half a pint of chopped mushrooms and fry a little longer; wet with 1/2 pint of capersauce, a gill of white wine and a ladleful of tomato sauce, boil 10 minutes and then skim off the fat; finish with chopped parsley and the juice of half a lemon.

PROMINENT COUPLE JOINED FOR LIFE

NUPTIALS OF CAPELLE-LYNIS SOLEMNIZED.

Ceremony Performed Last Evening at the Home of the Bride's Mother on South Main Street—Ferdinand Green, Former Street Car Superintendent, Weds.

Last evening at 6 o'clock, Rev. Robert C. Denison, pastor of the Congregational church, pronounced the words that united in hymeneal bonds, Miss Janette Lynis, eldest daughter of Mrs. Janette Lynis, and Claire D. Capelle. The wedding was a rather quiet affair and was solemnized at the home of the bride's mother, No. 163 South Main street, only a few relatives of the contracting parties being present. A wedding supper was served after the ceremony and at 7:20 o'clock the newly married couple departed over the Chicago & Northwestern road for Chicago, to enjoy their honeymoon. When they return they will immediately go to housekeeping at No. 271 Prospect avenue.

The bride is a young lady who possesses many excellent qualities. For some time she has been employed as stenographer in the law office of Dunwiddie & Wheeler and since the appointment of Mr. Dunwiddie as county judge, she has been retained in the office of Mr. Wheeler.

The groom has resided in this city from childhood, and is a young man commanding the esteem of his friends, who are legion. He has been connected with the mail-carrier service of the Janesville postoffice for some time, and is a faithful employee.

The many friends of the bride and groom join in extending congratulations, and wish them a happy and prosperous voyage down the pathway of life yet before them.

Welch-Porter.
Malcolm F. Welch of Elkhorn, Wis., and Elizabeth Porter of East Troy, Wis., were quietly married at the parsonage of St. Patrick's church, Rev. Father J. J. Collins officiating. Mr. and Mrs. Welch departed at noon today for Elkhorn, Wis., where they will reside. The groom is a brother of Mrs. George L. Hatch of this city. Their friends in Janesville wish them all the happiness the most sanguine could anticipate.

Green-Herman.
Friends in this city have received word announcing the marriage of Ferdinand O. Green of Elkhorn, Ind., and Miss Herman of Lenox, O. Mr. Green was formerly superintendent of the Janesville Street Railway company. His many Janesville friends will join in extending congratulations.

TO THE UNKNOWN BEYOND.

Mrs. Sarah J. Richardson.

This morning at 5:30 o'clock, Mrs. Sarah J. Richardson, wife of Bert Richardson, closed her eyes in the sleep that knows no waking in this world. The sad event occurred at her home on Pine street. Six months ago Mrs. Richardson developed symptoms of consumption, and notwithstanding all that medical skill and loving hands could do, the dread disease made slow but sure progress, with fatal results.

Mrs. Richardson was born in Dunkirk, Wis., twenty-nine years ago, and was a bright, cheerful and lovable woman, drawing many to her large circle of friends who will be deeply pained to learn of her demise. Besides a devoted husband, she leaves a father and mother, Mr. and Mrs. Timothy McCarthy, also three brothers, John, Charles and Daniel McCarthy, and two sisters, Mrs. D. B. French of Chicago, and Mrs. G. A. Driver, of this city.

Funeral services will be held at St. Mary's church Friday morning at 10 o'clock.

Robert L. Pollock.

Last evening at 7:30 o'clock, Robert L. Pollock of the town of La Prairie, passed into the shadows of the unknown beyond, as a result of a complication of diseases. Death occurred at the home of the father, Robert Pollock, in that township. Some time ago Mr. Pollock met with a severe accident, having his leg crushed in a reaper, necessitating the amputation of the limb. Mr. Pollock was thirty-four years old. He had a host of friends throughout Rock county who will be grieved to learn of his death. He was a young man of many noble traits and commanded the respect of all who knew him.

The funeral will be held from the house Thursday afternoon at 2 o'clock and the interment will be in the town of Rock.

Karl Buob.

Karl Buob, the eleven-year-old son of Mrs. Huldah Buob, widow of the late John Buob, Jr., passed away yesterday at the home of his grandparents, Mr. and Mrs. Pautz, at Watertown, from the effects of brain fever, after an illness of only four days' duration. He leaves besides a mother, one brother, Harry Buob. The family were formerly residents of this city and have many friends here who join in extending sincere sympathy to the bereaved ones.

The funeral will be held Friday afternoon at 3 o'clock at Watertown.

Joseph Handley.

Joseph Handley of Beloit, president of the Beloit Gas Company, died yesterday. He was born in Woolwich, England, Jan. 28, 1816, and came to America in 1852, first settling in Cleveland, Ohio. He was married in Cleveland in 1853. In September, 1859, he went to Beloit to take charge of the gas works and since that time he has been continuously identified with the works. He is survived by his widow, three sons, Thomas, Joseph and William, and two daughters.

Mrs. R. G. Tarrant.

Mrs. R. G. Tarrant, a former resident of this city, died this morning in Milwaukee, as the result of typhoid fever. A husband and a two-year-old son are left to mourn the loss of a devoted mother and wife.

The remains will be brought to Janesville and interred in Oak Hill cemetery.

Farrell.

Mr. and Mrs. William Farrell of Eastern avenue, mourn the loss of their infant son, who closed his eyes in death at 12:20 o'clock noon yesterday. The funeral was held this afternoon at 2 o'clock.

FRANK HASELTON TO LEAVE

Will Sever His Connection With the Local Firm Next Month.

Frank C. Haselton, of the local fire insurance firm of Carter & Haselton, has been engaged as special traveling agent for the state of Illinois, by the Aetna Fire Insurance company of Hartford, Conn. Mr. Haselton will sever his connection with the local firm on November 1.

The position is a most excellent one. Janesville friends will regret much his departure from this city, but join in wishing him unlimited success. For the present his family will remain here, but will eventually remove to Illinois.

School Coats for the Girls.

You will find the best line here of all that is desirable in garments for children and misses. By best we mean that we show the larger line, the larger number of styles, and we make much lower prices than you will find at other stores. For children we have some very cute coats for ages 4 to 14 years ranging in price from \$3. Then for misses, in sizes 12 to 18 years, there is a very large showing with excellent values at \$5, \$4, \$5 and \$7. No matter what you see elsewhere, we are sure we can offer you better values; at least it will cost you nothing to find out about it; so drop in and look around. Archie Reid & Co.

AMERICANS IN THE TRANSVAAL.

How They Stand in Relation to the Boer-English Controversy.

By Alfred R. Rowley

When Mr. Charles Everson Macrum was sent to Pretoria to represent the United States as consul to the Transvaal, there was little prospect that the post would ever be an important one. But Consul Macrum is just now a rather prominent official in diplomatic circles. There are more than 1,000 Americans in the Boer republic, and they have been subjected to the same kind of treatment that the British residents of the Transvaal have so strongly objected to. They belong to the outsider class.

The situation is complicated by the fact that, while these wandering Americans undoubtedly are in sympathy with the British, the public sentiment of their native land is divided, perhaps the major part of the sympathy being with the Boers.

So you see Consul Macrum is placed in a position which calls for the exercise of diplomacy of a high class. He is a young man and somewhat inexperienced in international tangles, but perhaps he will come out all right. He is a native of the favored state, Ohio, and comes from East Liverpool. He is the son of N. G. Macrum, a prominent citizen of that town.

Consul Macrum has already been instructed by the state department to furnish protection to all neutral Americans in the Transvaal. "Neutral Americans" is defined by the department to mean a citizen of the United States who has not affiliated himself politically with the government of Great Britain and the Transvaal by declaring an intention to become a subject or citizen.

Americans who are not neutral within the meaning of this definition will not

CHARLES EVERSON MACRUM.

receive the protection of the United States government, but the government will unquestionably use its good offices in behalf of any of them who may become involved in trouble, just as was done in the case of John Hays Hammond of California, accused of treason in connection with the Jameson raid. The government acknowledged the right of the Transvaal to try Hammond for treason, although he was clearly an American citizen, but made every diplomatic effort to secure an acquittal of his sentence or his release. He was subsequently released.

The government of the United States will observe absolute neutrality in a conflict at arms between Great Britain and the Transvaal.

Efforts have been made to induce the government not to declare neutrality on the ground that the interests of Americans in the Transvaal are identical with those of the British residents. On the other hand, quite as many people in this country have written to the state department urging that the United States declare sympathy with the Boers.

An investigation made by the department shows that there are about 1,000 American miners working in the Transvaal. It is also the understanding of the department that there are independent investments of American capital in that country, everything in the way of American moneyed interests being associated with British industries.

The only possibility of a chance that the United States may become involved in the war lies in the attitude which the Boers may adopt toward American citizens. If an attempt should be made to impress neutral Americans into the Boer army, this government would be prepared to go to extremes to resent such action.

It is believed in official quarters, however, that no such attempt will be made, particularly in view of a circular issued by General P. J. Joubert, commandant of the Transvaal military forces, on Aug. 24, 1899, in which it is stated that "it must be understood that no single alien, no matter what his nationality, who does not voluntarily offer of his own accord his services may be called upon or commanded" (drafted) in the event of unexpected or undesirable disturbance or war.

This government has already determined its position with regard to any decision of the Boers to draft neutral Americans in the Transvaal army. It will follow the principle laid down by Secretary Seward in the civil war. Certain Englishmen in western states had taken advantage of the law permitting aliens to become citizens of the United States after one year's residence, and declaration of intention, but when a draft was ordered they contended that they were British subjects and could not be compelled to serve. The United States held that they were liable to the draft, and the British government assented to it.

It is well for citizens to remember that public sentiment cannot always be reflected in diplomatic correspondence. So, while it is possible that a majority of Americans sympathize with the Boers, it would never do to intimate as much to England. On the other hand, it would be impolitic for the government to send any message which would offend the Boer government. This is a case in which Uncle Sam must present an impassive front to both contestants, merely observing to each that he hopes it will respect the rights of Americans, no matter how hot the argument grows.

ALL WANT CUBA TO BE FREE.

Convention Held at Havana Stands for Absolute Independence.

Havana, Oct. 11.—The constitution of the municipal convention of the Cuban national party took place at Payret opera-house Tuesday afternoon, in the presence of thousands of Cubans. Luis Estevez was elected president, Enrique Mesonier, Diego Faruayo, Carlos Latorre and Ramon O'Farrell, vice-presidents, and Gonzalo Perez, Gen. Alejandro Rodriguez and Sotero Figueroa, secretaries. All these officers are prominent in Cuban councils.

The Cuban national party has the sympathy of all the Cubans. Its motto is, "The Absolute Independence of Cuba." Senors Latorre, Perez, Borges and Gonzales delivered patriotic speeches, declaring Cuba's gratitude to the United States, but strongly referring to the necessity of realizing absolute independence.

The convention resolved to send the following cablegram to Gonzales, Quesada, the Cuban representative at Washington:

"The municipal convention of the Cuban national party, in assembly at Payret opera-house, has resolved to greet the American people, through its first magistrate, with proof of gratitude for the United States' generous aid and firmness, and for the joint resolution to establish the Cuban republic. "ESTEVEZ, President."

HAVANA'S GOLGOTHA.

Mountain of Human Bones Covered Over by the American Forces.

In the Colon cemetery at Havana, where the American seamen who perished in the Maine catastrophe are buried, in striking contrast to the reverence displayed by Anglo-Saxon peoples for the burial places of their dead, there has been for more than two centuries a human bone pit. Exposed to the glare of the sun, the mercy of the rains, there have lain for years the frames of those who once lived and loved, says the New York Herald. This famous pit was first dug by Don Pedro Valdes, in the year 1602, and from that day to this has been the receptacle for the skeletons of the Cuban dead. It is 110 feet square and twenty feet deep filled to the twenty-foot level. An eight-foot stone wall incloses it from the morbidly curious, and in external appearance it resembles an antiquated Spanish fortress or barracks. The old Spanish custom of renting graves, none being able to buy outright, in Colon cemetery, easily explains the necessary existence of the "pit." A man dies, is buried in a rented grave, forgotten in a short time, the rent unpaid one year—his bones are dug and thrown among his ancestors' in the mass of dead humanity; the grave, being already open, is held to receive the next body. A careful estimate, no record having been kept, puts the number of human skeletons in the pit at 700,000. When one realizes that the pit is nearly 300 years old, and the average life of man is a little less than thirty years, Havana's population for the last 100 years being more than 200,000, it is quite plausible that the estimate is most conservative. In some cases the coffin and all have been dumped into the "pit" and left to the depredations of the vulture or buzzard, the scavengers of Havana. Skulls with long hair still on are not infrequent sights, and in one case a skull still held fast a "switch." Midnight rambles over the heads of these departed have been one of the pastimes of the morbidly inclined in Havana. The American government, ever to the fore in the ways of civilization, has at last filled over the ghastly "bone pit," and the days of "luncheon on skulls" are past.

HAIR PLANTING.

Successful Experiments of a Turkish Physician.

A Turkish physician has been experimenting successfully on the transplanting of hairs one by one to bald parts of the scalp. His results seem to show that there is no impossibility in the complete renewal of a lost head of hair by this means. The physician, Dr. Menahem Hodara, according to a foreign paper, tried his experiments in the case of a disease that had removed part of his patient's hair. His plan was to scarify the bare surface and to implant thereon hairs removed from other parts of the patient's head. The hairs used for the purpose were trimmed with scissors at each end. Some four weeks after implantation a certain number of the hairs were found to have taken root, and in no long time a goodly new crop was produced. Encouraged by these results, Dr. Hodara has since applied the method in other cases of baldness following favus, and he thinks himself justified in stating that "clinically there can be no doubt as to this very curious fact—that small bundles of hair stems cut with scissors and implanted in the incisions made with the scarifier can take root and grow, forming in time long and visible hairs." By microscopic examination he has satisfied himself that after some weeks a real new bulb forms at the lower end of the implanted hair. Dr. Hodara's results are interesting in themselves, and still more in the promise which they appear to offer of further results, undreamed of, or at any rate unmentioned, by the ingenious experimenter. Why, asks the New York Herald, should not the same treatment be applied in cases of ordinary baldness? Many bald men would gladly submit to have their scalps plowed and afterward sown with new hairs if there was a reasonable hope of even a moderate harvest.

KANSAS REGIMENT IN PORT.

Transport Tartar Arrives at San Francisco from the Philippines.

San Francisco, Cal., Oct. 11.—The United States transport Tartar arrived Tuesday night from Manila, having on board Gen. Funston and the Twentieth Kansas regiment. The Tartar did not dock, but anchored off Angel Island. Gov. Stanley and party of Kansas went out in a tug to meet the vessel and bid the boys welcome. Gen. Funston said that he was in excellent health. He had little to say about conditions in the Philippines beyond expressing the opinion that the war would soon be ended.

Bryan Revis in Des Moines.

Des Moines, Iowa, Oct. 11.—Col. W. J. Bryan spent last night in Des Moines. At the home of Chairman George Huffman of the democratic state central committee he received influential democrats and was in consultation with a local physician for half an hour. He retired early. He leaves today for Winterset, where he expects to speak. He expects to speak at Indianola tonight. Mr. Huffman said the colonel had entirely recovered his health and power of speaking.

McDuffee Rides a Mile in 1:21.

Brooklyn, Mass., Oct. 11.—Both Eddie McDuffee and Ben Munroe, the latter from Memphis, Tenn., broke world's records at the track here Tuesday, McDuffee lowering the time for from one to five miles and Munroe from five to twenty-three miles, inclusive. McDuffee rode his first two miles in less than three minutes and his last mile in 1:21. Munroe changed from his own motor triplet to McDuffee's steam motor. He finally had to quit after riding twenty-five miles, as his wheel gave out.

Trouble Ended at Pana, Ill.

Lots More Proof Like This, and it is All From Janesville People.

"The proof of the pudding is in the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Janesville. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication, it is proof convincing for the most skeptical. Read this testimony:

Mrs. L. B. Canniff, of 107 Cornelia street, says: "I doctored from time to time for eight or ten years for kidney complaint. I felt fairly well as long as I took medicines, but if I left off I immediately became worse. At one time I had such a severe attack that I came near dying. The pain became so severe that it brought on nervous chills, my finger nails turned purple and I never suffered so much in my life. The medicine I took acted as a stimulant while I used it, and I finally recovered in a measure. During three years I suffered from attacks of headache, dizziness and backache. It was for these reasons, that on learning about Doan's Kidney Pills, I procured them from the people's drug store. They are a splendid remedy. The pain in the region of my kidneys was removed in a short time and since completing the treatment I have felt better generally."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take on substitute.

Australia's Antique Method.

The railroad companies of Australia have never discovered that it is possible to take up tickets on the train; hence the passengers are locked in the cars to prevent any of them stealing a ride, and when they arrive at their station are hustled out through a turnstile and held up for their tickets.

President Gompers on Trusts.

New York, Oct. 11.—A special to the Herald from Washington says: "Samuel Gompers, president of the American Federation of Labor, takes strong ground against anti-trust legislation in any form. He says he is convinced that the government is not capable of preventing the legitimate development of natural concentration of industry, and that all the propositions to do so which have come under his observation would, beyond doubt, react with greater force and injury upon the working people of the country than the trusts."

Methodist Ministers Oppose Canteen.

Rockford, Ill., Oct. 11.—After a prolonged debate, in which the radical prohibition element among the ministers filled the air with a hurricane of oratory and attacked President McKinley the Methodist Rock River conference Tuesday passed temperance resolutions, scoring Attorney General Griggs and calling on President McKinley to banish the canteen from the army. The original resolutions were recast, however, and the most intemperate portions were eliminated.

Sentry Defends a Jordan.

New York, Oct. 11.—Eddie Sweeney, Chicago knocked out Ben J. in England in the sixteenth round. Lenox Athletic club Tuesday agreed to a right-hand hook on the head, ended at close quarters.

Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many patent medicines, but none relieved me. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy, and pronounced it free of potash or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism, though many times exposed to damp and cold weather.

KRUGER A PREACHER.

A president who can preach as well as govern and pray as well as fight is something of a novelty. But Oom Paul is such a president. It is well known that, like all Boers, he is a deeply religious man, but that he often goes into the pulpit and expounds the Bible for the benefit of his good burghers is equally true.

Until recent years it was quite the usual thing for President Kruger to go on Sunday morning to the little Dutch Reformed church opposite his residence in Pretoria and mount to the pulpit. Of late years, however, these occasions have been infrequent, but even now he sometimes turns preacher.

When it is known that Kruger is to preach, the little church is always well filled, for Oom Paul often seizes the occasion to mix doctrine with politics and thunder out denunciations of the Roo-

PRESIDENT KRUGER IN THE PULPIT. This is the pet epithet for the British. Rooinek, it may be mentioned, means literally "redneck" and is the nickname the Boers applied to the English because they had noticed that when a Briton was angry his neck grew red. President Kruger's discourses are liberally sprinkled, as are his everyday conversations, with Biblical quotations. He can prove by any chapter in the good book that the Lord is always on the side of the Boer.

It is interesting to note, in connection with Kruger's preaching, that Joseph Chamberlain taught a Sunday school class for a long time and today is sometimes referred to by Englishmen as "the beloved of Birmingham."

ABOUT OVERCOATS.

FOR the first time in some years the popularity of smooth faced overcoats is disputed by garments made from rough faced fabric. We should not say 'rough' fabrics either, because the coats we have in mind are made from thick soft cloths with what appears to be a rough exterior, but when you touch them with your hand they are soft as the fur of a kitten.

The shape is most graceful; fits well about the neck, square about the shoulders from which it hangs full.

We produce overcoats in these fabrics so excellent that it is a wilful waste of cash to pay your tailor twice the money to make you one no better.
